Relapse of Municipal Councils to Municipal High Schools

14) Re-submitted with reference to the Members minute dated 1-9-1932 in para 6 above

15) The points raised in the resolution of the Municipal Council are the following -

(1) Whether the staff of the High School is under the disciplinary control of the President and subordinate to the Municipal Council

(2) Whether the Head Master of the High School was right in seeking the instructions of the President of the Managing Committee in regard to the increase of pay sanctioned by the Municipal Council

(3) What action is necessary to avoid complications of the kind in future

16) With regard to point No (1) kind reference is invited to G O No D 13775-78/Edn 1900-27-5 dated 30th June 1928 approving the opening of the High School at Sagar This order states that the School will be under the Management of a Committee The committee consists of the Deputy Commissioner the Deputy Director of Public Instruction the District Educational Officer a few non officials to represent the Municipal Council and the District Board The fact that ~~for the purpose of account~~ the whole of the income of the School - including the grant from Government and the District Board and the expenditure ~~of the~~ are incorporated in the Municipal account appears to be relied upon by the Municipal Council to give a colour to the institution being considered as a Municipal School The expenditure

NOTE—Contn Sheet

is borne partly out of the State funds and partly out of local funds The claim of the Municipal Council to interfere in matters of discipline over the staff and to issue orders to the Head Masters appears untenable

17) The decision as regards point No (1) applies ~~to~~ equally to point No 2

18) As regards point No (3), viz, the action to be taken to avoid complications of the kind referred to in the Deputy Commissioners letter it appears necessary to erase the impression that the school is a Municipal -- School For purposes of recruitment of staff, it has been held by Government that the C R B rules should be followed So long as the income and expenditure of the school is incorporated in the Municipal accounts, the contention that the expenditure will have to be regulated in accordance with the rules applicable to the Municipal Fund will have to be allowed It is not possible to construe the Managing Committee of the School as having been appointed under section 29 of the Municipal Regulation For, under Section 31 of the Regulation the number of non-Councillors can not exceed one half of the total strength of the Committee The committee cannot also be deemed to have been constituted as a Joint Committee under Section 39 of the said Regulation as the members of the committee should be members of the Municipal Council and the District Board only

19) In these circumstances, it appears expedient to treat the Municipal High Schools as private institutions and the practice of incorporating their income and expenditure in the Municipal accounts dispensed with These

Serial No

institutions may perhaps have to be treated as other grant-in-aid institutions to which the local bodies and the State contribute If this is done all future complications will be obviated

2) If necessary the Financial Secretary and the Director of Public Instruction may be consulted

43 I do not think that there is need to change the existing procedure The Financial Assistant to the Director of Public Instruction who was consulted un-officialy is also of the same opinion The difficulty that arose in Sagar was not due to accounts procedure but insufficient definition of the powers and functions of the Municipal Council and the Municipal Committee, and action by the President of the Municipal Council in excess of any powers ~~that~~ he might be supposed to have

44 What is wanted is therefore a clear statement that the fact that a school is started at the instance of the Municipality or that the Municipal Fund meets the greater part of the expenditure gives the Municipal Council or its officers as such no power in the management of the school beyond what accrues from representation on the management It would also be necessary to define the powers of the Secretary and the President of the ~~Municipal~~ Managing Committee and provide for an expression of opinion by the Director of Public Instruction on details of any importance

After a careful consideration of all the issues involved in the question, I think that the present system of keeping the accounts of the Municipal High Schools as part of the accounts of the Municipality concerned may continue The Government Order of 30th June 1928 shows clearly that the Municipalities of Sagar and Dodballapur were permitted to start "Municipal High Schools" with a Government grant Later a number of these Municipal Schools obtained grants from the District Boards also The actual management of each of these schools is vested in a committee consisting of the repre sentatives of the Department the Municipality and the Dis trict Board (when the last began to pay a portion of the cost) and presided over by an independent and responsible officer viz , the Deputy Commissioner The object of constituting such a committee was to keep ~~it~~ the school outside the influence or Municipal politics so far as the actual administration of the school was concerned, e g , appoint ments. discipline etc . while at the same time the presence of the representatives of the Municipality on this Managing

Committee ensured that when additional funds had to be obtained for the normal development of the school, they would be able to influence the Municipal Council in a suitable manner In other words, the committee has indepen dent and unfettered powers of Management over the school within the limits of the funds placed at its disposal, but it has to get the sanction of the Municipality for additional funds, when required This position is analo - gous to that of the School Board and the Local Education Authority in respect of administration and finance of Primary Education The Municipal High School Committee has a less strong position than a school Board, as it is only an Ad Hoc body and not a statutory body ~~enacted~~ created by a Regulation This Committee cannot therefore have any independent financial existence These schools cannot therefore become ordinary aided High Schools under the grant-in-aid Code They have to be considered to be real Municipal High Schools

75 The powers of the Committee and the Municipality as above are fairly well known in all Municipal Schools There was trouble only at Sagar The Deputy Commissioners as Presidents are managing all the other schools with the help of the Committees without any interference from the Municipalities

76 In order to avoid possible future complications, definite orders may be however be issued now, defining the powers of the Committee and the Municipality in respect of each Municipal High School as follows

NOTE—Contn Sl ect

78 2 The Municipality should continue to allot out of its funds annually the probable expenditure that would devolve upon it on the basis of present sanctioned expenditure and anticipated income of the Institution from other sources.

79 3 The Committee will have unfettered discretion in the administration and discipline of the school, subject to the general control of the Department

80 4 In respect of all additional expenditure over the normal expenditure of the school as in (2) above, the Committee should make recommendations to the Municipality and the latter will be responsible to comply with them as far as their funds permit with a view to satisfy the Education Department about the efficient working of the school

To

The Chief Secretary to the
Government of His Highness the Maharja of Mysore,

Sir,

In forwarding herewith, as per resolution of the Council, the extract of the proceedings of the Special General Meeting of the Municipal Council, Sagar, held on 14-8-1932 at the Municipal Office under the presidency of Mr S Visweshwara Rao, Vice-President, I have the hobour to communicate to the - Government the full facts concernidg the matter under question

As per resolution of the Managing Committee of the Municipal High School, Sagar, an advertisement was made calling for applications from persons possessing the qualifications of M A , B T ,&c , for the post of Assistant Master in the High School on Rs 60-4-80/- Mr Alasingrachar, M A ,B T , was appointed for the post as the best applicant for it He has been working eversince and the certificate of the Deputy Director of Public Instruction, a copy of which is here-with enclosed, speaks about the value and nature of his work and he has drawn pay @ Rs 60/- per month for one full year

The Deputy Director of Public Instruction in his inspection pointed out that there was no provision for Rs 60-4-80/- scale in the sanctioned scale for teachers in the Municipal High School, Sagar, unless the Municipal Council could appointed Mr. Alasingrachar as II Assistant of the Schools

the Managing Committee of the High School at its next meeting reduced the scale to Rs 40-4-60/-

On Mr Alasingrachar appealing to the Council and the Managing Committee to kindly consider the hardship done to him and in view of the fact that the man had been appointed on the advertised scale of Rs 60-4-80/- and had drawn pay at Rs 60/- per month for one year, both the Managing Committee of the High School and Municipal Council passed resolutions sanctioning that he and the clerk be given the maximum pay in the reduced scale Viz , Rs 60/- and Rs 25/- respectively subject to the sanction of Government The Municipal Council in its resolution further empowered the President of the Council to allow the drawing of the pay of these persons in anticipation of Government sanction, as the times were hard and as Mr Alasingrachar was living in a strange place without pay for two months

Accordingly the President Mr A Narasimhaiengar sent a memo to the Head Master calling upon him to prepare a supplementary pay bill at Rs 60 and Rs 25 for the teacher and the clerk respectively from 1st June 1932 and send it up early

Instead of doing so the Head Master of the Municipal High School, Sagar, has gone to Shimoga with the memo and placed it in the hands of the Deputy Commissioner & President of the Managing Committee of the Municipal High School, Sagar, Mr. M G Mehkri, who was the only member of the Managing Committe that voted against the above said resolution of the Managing Committee

Mr Mehkri sent a letter of protest to Mr A Narasimhaiengar and had stated in it that he had acted derogatory to the Managing Committee and usurped its powers Mr A. Narasimhaiengar on the other hand had acted in consonance with the resolutions of the

Municipal Council

of the Municipal Council and the Maraging Committee, both of which had sanctioned the above ~~scale of~~ pay to the persons concerned There was thus no usurpation of any bodies powers and no act derogatory to any one's dignity It is clear that Mr Mehkri has drawn on his personal views in the matter and has conveniently given the goby to the actions of both the bodies

The Government under these circumstances could not have objected to the act of the Council and its worthy president Mr A Narasimhaiengar and over such a thing Mr Mehkri has roused feelings and seen fit to flout the opinion of the Managing Committee and the Municipal Council He has further encouraged the Head Master of the Municipal High School, Sagar, to act in-subordinately towards it

In such circumstances it is that My A Narasimhaiergar and the Municipal Council have acted in the manner they have done now It is for the Government to dispassionately judge of the whole matter and see that such complications do not arrise in future

No 5 SUBJECT

Re, the insubordinate conduct of the Head Master of the Municipal High Schhol, Sagar, in connection with the memo issued to him by the President of the Council, Sagar to prepare and send a spplementary pay bill in accordance with the resolution of the Municipal Council dated 29-7-1932 sanctioning, in anticipation of Government sanction, Rs 60/- to Mr Alasingrachar and Rs 25/- to the clerk of the Municipal High School Seetharama Rao from 1st June 1932

Resolution

Mr A Narasimhaiengar, the President of the Municipal Council, at the outset of the proceedings placed the letter of the President of the Managing Committee of the Municipal High School, Sagar, and the Deputy Commissioner, his reply thereto and the reply of the former to it for its consideration and as it involved a discussion of his action in the matter he said he would not take part in the proceedings Thereupon Mr S Visweshwara Rao, Vice-President, was requested to occupy the chair and the proceedings took place under his presidency

1 The following points are clear on a reading of the above correspondance between the Deputy Commissioner and President of the High School Managing Committee and the President of the Council

(a) That the action of the Head Master of the Municipal High School, Sagar in taking the memo of the President of the Municipal Council, made by him in accordance with the resolution of the Municipal Council dated 29-7-1932, to prepare and submit a bill for the pay of Mr Alasingrachar, M A B T , and that of the clerk of the High School at Rs 60 and Rs 25/- respectively from June 1st 1932, to Shimoga and placing it in the hands of the President of the Managing Committee of the High School and Deputy Commissioner, instead of giving effect to the memo is, it is clear an act of insubordination to the Council and this act of his deserves condemnation It was resolved that the Head Master be called upon to explain his conduct and it was further resolved that this act of insubordination on his part be duly taken into consideration when the question of the grant of increment comes up before the Council It was also further resolved that the action of the President of the Managing Committee of the Municipal High School and Deputy Commissioner in giving occasion for such insubordinate conduct on the part of the Head Master was derogatory to the dignity

and powers of the Municipal Council, and the Council feels greatly aggrieved at his action and further resolves that the same be communicated to the Government and the President of the Managing Committee

2 The Municipal Council feels that the President of the Council has acted wrongly in sending his resignatic without consulting the Municipal Counci in the matter and feels sorry for it It further resolves to communicate to the Government its complete confidence in the President of the Council, Mr A Narsimhaiengar

3 That it is clear that latterly an impression is gaining ground among the staff of the Municipal High School, Sagar that they are only subordinates of the Managing Committee and that they set at naught the Municipal Council and further that they have become indifferent to their work as could be seen from the results of this year which is 55% as against 100 and 80% of previous years The Council is of opinion that this being the first year of such bad results further action in the matter be defered till the results are out next year

4 Further resolved that necessary action be taken to avoid such complications in future It was finally resolve that these things, unanimously passed by the Council, be sent to the Government

SIR,

I have the honour to forward herewith letter No M1 5/32-33 dated the 3rd August 1932 received by me from Mr A Narasimha Iyengar President of the Sagar Town Municipality tendering his resignation to the Office of the President of that Municipality and requesting me to obtain orders of Government to relieve him immediately and to state as follows --

2. Consequent on the transfer of Mr S Subrahmaniam who wa the Head Master of the Sagar Municipal High School and whose services had been lent, to the Education Department, early last year, the Managing Committee of the High School in their meeting held on 25th February 1931 resolved that the first Assistant Mr [redacted]dwaj be appointed Head Master and that applications may b [redacted] from M A ,B Ts, with knowledge of Kannada and Sansk as [redacted] optionals on a pay of Rs 60-4-80 by raising one of the grades from Rs 40-4-60 to Rs 60-4-80

3 Mr Al[redacted]ngrachar. M A .B T . was appointed temporarily by the Secreta[redacted] with effect from 8th June 1931 Subsequently Mr Sultan [redacted]hiuddin, the then Deputy Director of Public [redacted]ction after his Inspection of the High School, observed that though Mr [redacted]ngrachar is a capable teach he is a costly [redacted] So, the [redacted] Committee in their meeting held on the [redacted] April 1932 [redacted] that the grade of the

second Assistant temporarily raised from Rs 40-4-60 to Rs. 60-4-80 be reduced to its original scale and that Mr Alasingrachar ~~is to be~~ given the option to take up service on Rs 40/- in the sanctioned grade of Rs. 40-4-60 and if he declined seriatim promotions might be given and a Pandit with knowledge of Kannada and Sanskrit be appointed in the grade of Rs 30-2-40 A notice was accordingly issued to Mr Alasingrachar He reported himself for duty and continued to work in the High School and petitioned to the Committee praying that he might be given the maximum in the grade of Rs 40 The Managing Committee, in their meeting held on 9th July 1932, resolved that Mr Alasingrachar might be given the maximum of Rs. in the grade of Rs 40-4-60 without prejudice to the seniority of others already in service subject to the sanction of Government Though I was one that voted against this proposal, I sent up the resolution of the Committee to the Director of Public Instruction for obtaining sanction of Government fixing Mr Alasingrachar and the clerk on the maximum in the grades of Rs 40-4-60 and Rs 20-1-25

4 Subsequently, the President of the Municipality who received applications from Mr Alasingrachar and the clerk of the High School praying for being paid at the maximum in their grades placed the matter before the Municipal Council and obtained their sanction to such payment He then issued a Memo to the Head Master of the High School who is also the Secretary of the Managing Committee, ordering him as per Resolution of the Municipal Council to submit supplemental bills very early The Head Master, as Secretary of the Managing Committee approached me for instructions and I ordered that the pay of Mr Alasingrachar and the clerk should not be drawn at the higher rate till sanction of Government is obtained even though the Municipality might be prepared to pay at the enhanced rate I then wrote to Mr Narasimhaiengar a letter saying that it is the Managing Committee that has to order such payments and not the Municipal Council I enclose for the information of Government a copy of the Memo sent by the Municipal President to the Head Master and the Secretary of the Managing Committee and my reply thereto to Mr Narasimhaiengar The reply

to this, I had the letter No M1 5/32-33 dated 3rd August 1932 under advertance which he wishes to be treated as his letter of resignation

5 Soon after the publication of the Government Order No D 96-99/Edn 1177-28-2 dated 4th July 1929, the Managing Committee of the Sagar Municipal High School in their meeting held on 10th August 1929 passed a set of Rules for their guidance, a copy of which I enclose herewith for reference It is seen from this that the Committee was given full powers (1) to make all appointments and to dispense with the services of any member of the High School Establishment and to fix and vary the scale of pay or other allowances subject to budget grant (2) to have full disciplinary control over the High School and its staff (3) the Secretary in consultation with the President of the Municipal Council to be competent to deal with all questions of management arising between the meetings subject to the ratification of the Committee The last rule was modified by the Managing Committee in their meeting held on 10th December 1931 and it was resolved that in all cases of appointment of teachers the President of the Managing Committee, the Deputy Director of Public Instruction and the District Education Officer - should be consulted by the Secretary before the appointment is made Though the appointment of Mr Alasingrachar by the - Secretary without ratification of the Managing Committee was objectionable yet the Committee continued Mr Alasingrachar as an Assistant Master

6 Mr Narasimhaiengar contends that Mr Alasingrachar and the clerk could be paid the maximum in their respective grades in anticipation of Government sanction I do not think that this is permissible under the rules as the grant of this enhanced pay is contingent upon the approval of the Director of Public Instruction who has also to seek and obtain sanction of Government to revise the scale The Comptroller would

also take objection to the payment at the higher rate without Government sanction which while auditing the Municipal accounts I do not also agree with him in thinking that the High School staff is subordinate to the Municipal Council The question of the relationship between the Municipality and the Managing Committee was discussed at great length by the Committee in their meeting held on 9th July 1932 and it was resolved that as the Government Order on the subject was very clear no resolution need be recorded If the Municipality considered it necessary or desirable to take up the management of the school as they were maintaining it a revision of the existing rules would be necessary and the Municipality should have applied to Government for effecting necessary changes in the present rules But to order the Head Master of the High School who is also the Secretary of the Managing Committee to draw the pay at the higher rate specially when a reference had been made by the President of the Managing Committee to the Director of Public Instruction soliciting sanction of Government to pay at the higher rates is in my opinion not in order and takes away the powers of the Committee

7 I am forwarding herewith a resolution of the Municipal Council passed in their meeting held on 14th August 1932 with a covering letter addressed to the Chief Secretary to Government explaining the circumstances under which this resolution was passed I can only add that the Head Master of the High School has acted entirely under my instructions as President of the Managing Committee and his conduct cannot as the Municipal Council thinks be blameworthy I have also not taken any personal view in this matter as Mr Narasimhaiengar or the Council try to attribute to me I have raised a constitutional point holding that it is the Managing Committee and not the Municipality that should manage the High School under the present rules

8 As Mr Narasimhaiengar has tendered his resignation to the

Office of the President of the Sagar Town Municipal Council, I recommend that his resignation may be accepted and the Sub Division Officer, Sagar nominated as President of the Municipality for the remaining term or until further orders

I have the honour to be,
Sir,
Your most obedient servant,

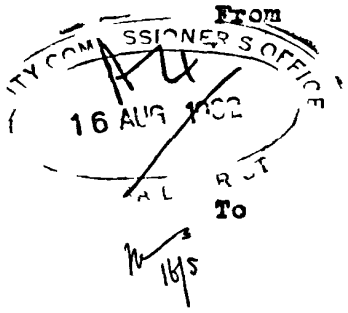
OFFICE OF THE PRESIDENT
SAGAR TOWN MUNICIPAL COUNCIL

No M1 5/32-33

Sagar Dated the 15th August *1932*



From

The President,
Town Municipal Council,
S A G A R.

To

The Chief Secretary to the Government of His Highness the Maharaja of Mysore, BANGALORE.

Though - The Deputy Commissioner, Shimoga District

Sir,

In forwarding herewith, as per resolution of the Council, the extract of the proceedings of the Special General Meeting of the Municipal Council, Sagar, held on 14-8-1932 at the Municipal Office under the Presidency of Mr S Visweshwara Rao, Vice-President, I have the honour to communicate to the - Government the full facts concerning the matter under question.

As per resolution of the Managing Committee of the Municipal High School, Sagar, an advertisement was made calling for applications from persons possessing the qualifications of M A , B T ,&c , for the post of Assistant Master in the High School on Rs 60-4-80/- Mr Alasingrachar, M A ,B T , was appointed for the post as the best applicant for it He has been working eversince and the certificate of the Deputy Director of Public Instruction, a copy of which is here with enclosed, speaks about the value and nature of the work and he has drawn pay @ Rs 60/- per month for one full year

The Deputy Director of Public Instruction in his inspection pointed out that there was no provision for Rs 60-4-80/- scale in the sanctioned scale for teachers in the Municipal High School, Sagar, unless the Municipal Council could have appointed Mr Alasingrachar as II Assistant of the School Accordingly the

the Managing Committee of the High School at its next meeting reduced the scale to Rs 40-4-60/-

On Mr Alasingrachar appealing to the Council and the Managing Committee to kindly consider the hardship done to him and in view of the fact that the man had been appointed on the advertised scale of Rs 60-4-80/- and had drawn pay at Rs 60/- per month for one year, both the Managing Committee of the High School and Municipal Council passed resolutions sanctioning that he and the clerk be given the maximum pay in the reduced scale Viz , Rs 60/- and Rs 25/- respectively subject to the sanction of Government The Municipal Council in its resolution further empowered the President of the Council to allow the drawing of the pay of these persons in anticipation of Government sanction, as the times were hard and as Mr Alasingrachar was living in a strange place with-

Accordingly the President Mr A Narasimhaiengar sent a memo to the Head Master calling upon him to prepare a supplementary pay bill at Rs 60 and Rs 25 for the teacher and the clerk respectively from 1st June 1972 and send it up early

Instead of doing so the Head Master of the Municipal High School, Sagar, has gone to Shimoga with the memo and placed it in the hands of the Deputy DO Commissioner & President of the Managing Committee of the Municipal High School, Sagar, Mr.DO Mr M G Lehkri, who was the only member of the Managing - Committe that voted against the above said resolution of the Managing Committee

Mr Lehkri sent a letter of protest to Mr A Narasimhaiengar and had stated in it that he had acted derogatory to the Managing Committee and usurped its powers Mr A, Narasimhaiengar on the other hand had acted in consonance with the resolutions of the

Municipal Council

of the Municipal Council and the Managing Committee, both of which had sanctioned the above scale of pay to the persons concerned There was thus no usurpation of any bodies powers and no act derogatory to any one's dignity It is clear that Mr Mehkri has drawn on his personal views in the matter and has conveniently given the goby to the actions of both the bodies

The Government under these circumstances could not have objected to the act of the Council and its worthy president Mr A Narasimhaiengar and over such a thing Mr Mehkri has roused feelings and seen fit to flout the opinion of the Managing Committee and the Municipal Council He has further encouraged the Head Master of the Municipal High School, Sagar, to act insubordinately towards it

and the Municipal Council have acted in the manner they have done now It is for the Government to dispassionately judge of the whole matter and see that such complicattions do not arise in future

I have the honour to be,
Sir,
Your most obedient servant

For President,
Town Municipal Council,
SAGAR.

Dated Shimoga 1st August 1962

Dear M Varadarajaiengar

The Head Master of the Municipal High School Sagar has placed before me a copy of Memo ordering him to draw the pay of Mr Alasingachar at Rs 60/- in the grade of Rs 40-4-60 and at Rs 50/- in the grade of Rs 20-1-25 in the case of the clerk in anticipation of sanction of Government I may in this connection point out that the Memo ordering him to draw their pay at these rates is not only against rules but derogatory to the Managing Committee I thought that after the lengthy discussion at our last meeting regarding the relationship between the Municipality and the Managing Committee you agreed that the Municipality ~~and the Managing Committee, under the Education~~ was only the financing body and that the Managing Committee is the body to exercise all administrative control Your order to the Head Master who is also the Secretary of the Committee usurps the powers of the Managing Committee and as President of that Committee I feel it my duty strongly to protest against your action I have therefore on principle directed the Secretary of the Managing Committee not to draw the pay of these two incumbents at the rates ordered by the Municipal Council until sanction of Government is obtained for which a reference has been made through the Director of Public Instruction I should like to have your views in the matter before I make a reference to Government in this matter

Yours sincerely

Dated the c th August 1 9 c 2

Dear Mr L G Menkri

Your kind letter of the 1st instant to hand yesterday even -ing and has taken me by surprise I thank you however very much fo giving me an opportunity to have my say in the matter under reference

With reference to the relationship between the Municipality and the High School Managing Committee your observation that I agreed that Municipality was only the financing body and that the Managing Committee is the body to exercise all administrative control is with your kind permission I have to say not correct This was only expressed by Mr Rivedan in the course of the discussion for nearly an hour I put a stop to further discussion by telling you and the Committee that we need not toil over the matter as long as the co-operation and coordination between the Council and the Managing Committee continued as has been the case for over four years adding further that smooth sailing was all that was wanted for the health administration of the affairs of the school This ended the controversy

If as you say an agreement was arrived at unanimously on that basis there should certainly have been a resolution to that effect

As regards the Office Hero you refer to and which has been put into your hands personally by the head master I fail to understand how it is derogatory to the Managing Committee and how by the order issued under the resolution of the Council I have usurped your power as President of the Managing Committee In this connection I am but to tell you that there is no conflict between the resolution of the Managing Committee and that of the Council so far as to offend any body in the matter

the resolution of the High School Managing Committee by

a majority lays down clearly that Mr Alasingrachar and the clerk be given the maximum pay of Rs 60/- and Rs 25/- respectively subject to the sanction of Government Nothing express is there in the resolution that less should be paid to them till sanction is obtained The Municipal Council has taken a liberal view of the open question by virtue of their powers and as President thereof I gave effect to their resolution ordering payment at the rate proposed by the Managing Committee as well in anticipation of Government sanction in view of the fact that Mr Alasingrachar has been living in a foreign place without pay for two months and that he has been unjustly deprived of the grade in which he was started and in which he continued for a year for no sins of his and what his suffering is entirely due to the initial mistake of the Managing Committee and the Municipal Council as well here is nothing personal in this act of mine The anticipation of Government sanction is also justifiable in view of the fact that a recommendation has also been made by you to the Director of Public Instruction recommending grant of Rs 60/- and Rs 25/- respectively to the concerned persons If there is any unauthorised over-payment it can easily be set right by short drawing or refund when objection is taken to that by Government After all it may be a couple of rupees Any such payment is a matter between the Government and the Council and I am inclined to believe that it is not within the province of the Managing Committee I very much regret the circumstance that has driven me to dilate upon the point and show you my view point that my action is bonafide I am very sorry that you have taken a personal view of the whole matter under impressions probably produced by the misrepresentations of the Headmaster who is a subordinate of the Municipal Council In the circumstances I feel you have lost confidence in me as the President of the Municipality and that I cannot bring myself to agree with your attack on me personally, that I have acted derogatorily to you as the President of the Managing Committee and surpass your powers

I pray that under the circumstances set forth and with a view not to cause any embarrassment to the Government in this connection you will

Bangalore.

I am directed to state that the open ground in the Fort, Bangalore City, to the north of the School of ~~Engine~~ Engineering, which was proposed for the Technological Institute, is now utilised by the City Police for parade purposes. During the Dewan's inspection of the locality on 5th July 1932, it was suggested that this land may be given to the Engineering school for use as play ground etc I am therefore to request you to be so good as to favour Government with your opinion in the matter.

The matter may kindly be treated as urgent.
